

MANUAL TRAINING BENCHES

No. 13.

These Benches are built from the most carefully selected hard white maple, carefully air-dried and fully seasoned in dry kilns.

All frame joints are firmly reinforced with machine bolts.

The top is built up of narrow strips, solidly drawn together, so that it cannot warp.

Nicely finished in natural wood, with two coats of shellac.

Equipped with three private drawers and a large cupboard.

Drawers and cupboard are locked with standard cylinder locks, each with two private keys.

Holes for stops are mortised near the front edge of the top and two spring wood stops are furnished.

Dimensions.

Height—32 inches.

Top—48x22x1 3/4 inches.

Working Top—13 1/2 inches wide.

Tool Recess—8 1/2 inches wide.
